

CNPF

(National center for forest ownership)

French approach to use RDP money to activate the forest sector

WORKSHOP: Inform, Prioritize, Collaborate:
Cooperation of regions on innovation in forest management,
use of wood and forest related services
EFI, April 26th 2018, Bruxelles

- Quick overview of the EIP-AGRI
 - Focus groups
 - European projects with H2020
 - Regional projects with EAFRD
- Activating the forest sector in EIP

Focus groups

Focus groups (3/31)

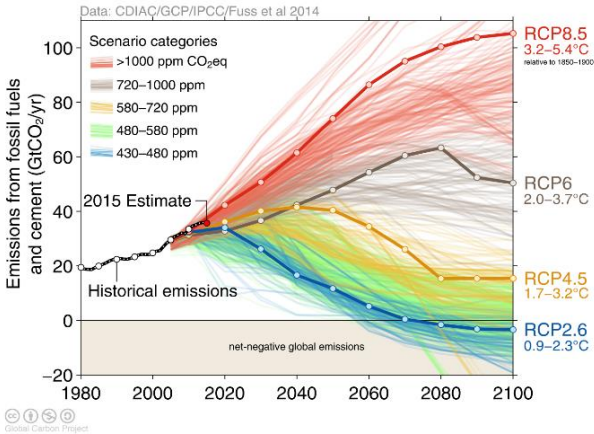

Quentin Vanneste - CRPF PACA © CNPF

FG #20:
Forest biomass : Sustainable mobilisation of forest biomass

FG #22:
Agroforestry: introducing woody vegetation into specialised crop and livestock systems

François Galley © CNPF

FG #24:
Forest practices and climate change:
New forest practices and tools for adaptation and mitigation of climate change.

European projects with H2020

Multi-actors projects and Thematic networks in forestry

Multi-actor project (1/23)

Alternatives models and robust decision-making for future forest management.
Swedish coordination with 20 organizations and 10 countries

Thematical network (3/17)

Bringing added value to agriculture and forest sectors
German coordination with 16 organizations and 6 countries

Agroforestry Innovation Networks
Spanish coordination with 13 organisations and 8 countries

INCREDible

Innovation Networks of Cork, Resins and Edibles in the Mediterranean basin
EFI-Med coordination with 13 organizations and 9 countries

Regional projects with EAFRD

Operational groups in forestry

Towards a productive and sustainable silviculture (Bretagne)

Operational groups (3/107)

Innovatives tools for a shared forest management from the different land uses to a territorial project (Rhône-Alpes)

AGROSYL

The tree and the forest in cattle farming in mountains (Occitanie)

Activating the forest sector in France

- Since 2013 a will to put the forest sector in the forefront in the EIP-AGRI
- Initiated by CNPF with the Ministry, the Private forest owners' union and the public forest association
- In 2015 « The priorities EIP Forest » displayed by 11 French organizations
- In 2017, the National Rural Network jointly with the Ministry of Agriculture agreed on a thematic expertise on « forest and climate change »

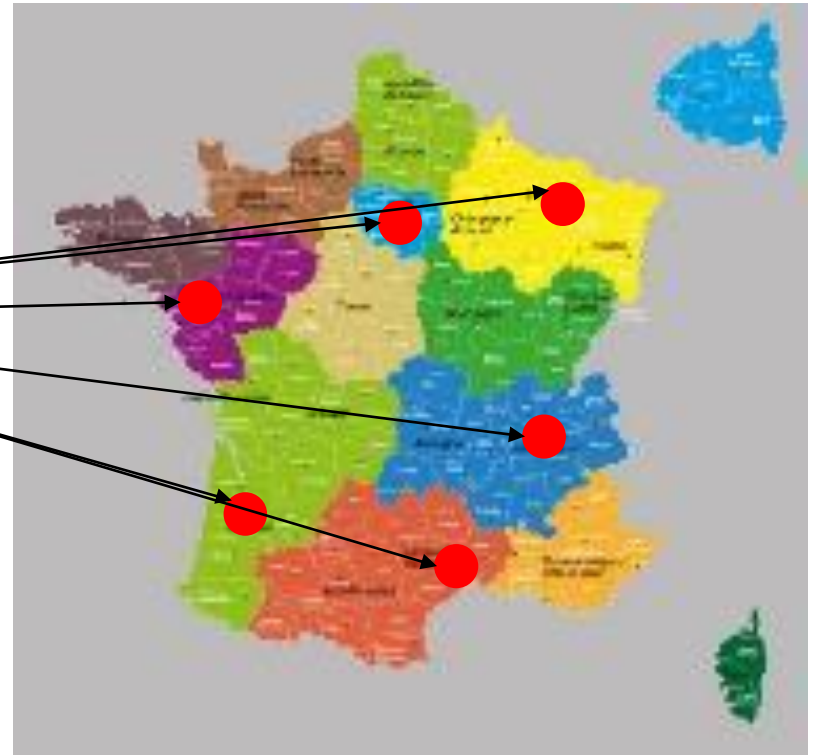

Activating the forest sector in France

Thematic expertise on “Forest, climate change and innovation”

- Animation and promotion of the EIP-AGRI at regional and national level
- 6 regional workshops

Objectives

- Promotion of the EIP-AGRI through calls for OGs coming out in regions
- Share information on different levels (European, national, regional levels)
- Identify locally projects, practices and innovative tools on the thematic.
- Foster new projects and partnerships

- 1 European working group
- 1 national working group

Activating the forest sector in France
